

Children's Hospital Corporation Concejo de Medellín

The Children's Hospital Corporation Concejo de Medellín, started operation on August 1, 2013. It is in the Campo Valdés neighborhood, Northeastern Zone of the city of Medellín, Colombia.

We offer care to children between 1 month and 13 years, who belong mainly to the subsidized regime and the most vulnerable population of the city and other municipalities in the department of Antioquia.

Hospital Infantil
Concejo de Medellín

We have the following services:

- Emergency room
- Inpatient service with 96 hospital beds
- Intensive care unit
- Ambulatory consultation specialized in children's surgery, endocrinology, neurology, otolaryngology, orthopedics and neurosurgery.
- Child surgery, otolaryngology, orthopedics and neurosurgery.

- Radiology and diagnostic imaging
- Clinical laboratory
- Pharmaceutical, hospital and outpatient dispensing services.

Concejo de Medellín

As an added value to the service offered to children and their companions, the Children's Hospital Corporation Concejo de Medellin develops the Learning Program in the Color Box, in which recreational and recreational activities are carried out with special emphasis on dates such as Day of the Child (April), Costume Party (October) and Christmas (December).

We also offer to the companions of hospitalized children who most require it, food during the stay of the child, clothes, diapers and personal hygiene items (subject to donations received). The premise is to offer warm attention and lessen the anguish of children and companions during their stay.
